Looks like we will most likely be dealing with PADEP O&G in Williamsport.

I spoke with Kevin today and he asked whether I saw this. I said yes, but didn't discuss anything else. We moved on to other topics.

Susquehanna County EMA continues to monitor the situation in Dimock Township. [Ex. 6 - Personal Privacy] lives in Silver Lake Township is not affected by this particular situation. To my knowledge DEP has deemed that the water has met drinking water standards and stated that Cabot was no longer obligated to deliver water to these (to my knowledge 11) families. [Ex. 6 - Personal Privacy] called my office once and asked what water tanker resources I had in the County. I explained to him that the request for resources would need to come from the municipality to the County and then on to the State if need be. There has been no unreturned phone calls to [Ex. 6 - Personal Privacy] from this office. It is my understanding that Cabot offered filtration systems to these homes that were refused by these 11 families, that others in the area accepted. If PEMA would like to discuss this matter further please feel free to contact my office.

Charlene Moser

1110, 12/12/11 - [Ex. 6 - Personal Privacy]
[Ex. 6 - Personal Privacy] who live at [Ex. 6 - Personal Privacy] Carter Road in Dimock (Susquehanna County) called to advise us that there are 12 families with contaminated wells on Carter Road who have had no water for 1 1/2 weeks. Cabot Oil and Gas had been providing them free water delivery for the past two years but stopped. [Ex. 6 - Personal Privacy] mentioned that this situation possibly involves some sort of litigation over the contamination in the private wells. [Ex. 6 - Personal Privacy] stated that Dimock Township, Susquehanna County, DEP and the Governor's Office will not return their calls for assistance. [Ex. 6 - Personal Privacy] believes this is an emergency situation and is therefore calling the State EOC. He stated that they have been working with the Mayor of Binghamton, NY and a few other towns in NY to get water deliveries but local officials are not permitting the deliveries to occur. (?) The PEMA Watch Officer (Thorpe) advised [Ex. 6 - Personal Privacy] that we will route this report to appropriate agencies for follow-up as necessary.
